

# Animal Nepal - Sponsor a Dog program

#### **About Animal Nepal**

Animal Nepal is an organization working to improve animal welfare in Nepal. Our vision is for a world where animals can live a life free from pain, suffering, and human cruelty. Animal Nepal works through carefully designed interventions, animal rescue, research, education, campaigns, and advocacy. Since our establishment in 2009, we have launched programs to help working equines, street dogs & cats, monkeys, captive elephants and farm animals across Nepal. At Animal Nepal, we strongly believe that widespread animal cruelty can be reduced through awareness-raising and practical interventions and Nepal can ultimately become a model country for animal welfare in the region.

Our mission - Build a harmonious and empathetic society for all animals.

#### **Core values**

#### **About our dogs**

Animal Nepal's dog treatment center in Chobhar receives up to 100 cases of sick, injured and abandoned dogs per month. Most of the dogs are either released back to their locality following recovery or are adopted. Dogs that have been abandoned or are too vulnerable to go back to the streets but have not been adopted, remain with us. While a treatment center is not an ideal home for a healthy dog, they stay with us until a better alternative can be found. Typically, dogs who are older or have a disability / medical condition tend to be overlooked for adoption, and it is these dogs that will directly benefit from the sponsorship scheme.

#### Why sponsor?

While most of us would love to have a dog or several dogs, this may not always be possible due to lack of time, space or a variety of other reasons. By joining our Sponsor a Dog program, not only will you have a new doggy friend without the added responsibility of being their full-time carer, but you will also be helping change the life of a rescued dog. With more than 50 stray and abandoned dogs in our care at any one time, we really need your help.

#### How to sponsor?

If you are interested in sponsoring one of our dogs, we recommend that you first visit our dog treatment center in Chobhar or our head office in Dhobighat. We will introduce to all of our dogs that are in search of a sponsor. You can get to know them in person and if there is a particular dog you are drawn to, please fill in the attached form and send it to us.

#### What will the sponsor receive?

When you sponsor a dog, you will get:

- A personalized photo-certificate with details of your new doggy friend, which you can treasure forever!
- A chance to name your doggy friend, if they don't already have one.
- You will receive regular updates about your doggy friend.
- You can visit your doggy friend anytime, spend time with them, take them for walks, groom them and give them special treats.
- If and when you are ready, you can always decide to adopt your doggy friend.

As their sponsor, you will be consulted with if someone is interested in adopting the dog.
